Professional Summary

Highly motivated Computer Science undergraduate with a CGPA of 9.45, specializing in automation, cloud infrastructure, and DevOps. Skilled in building scalable systems, streamlining deployments, and leveraging CI/CD pipelines for operational efficiency. Adaptable and quick learner with strong analytical, problem-solving, and communication skills. Eager to contribute to dynamic, technology-driven environments by delivering innovative solutions and optimizing processes.

Education

KL University, B.Tech in Computer Science Aug 2022 – May 2026
(Expected)

- Current CGPA: 9.45/10.0
- Relevant Coursework: Data Structures and Algorithms, Web Development, Devops, Cloud Services (AWS and Google Cloud), Developer Foundations.

Technical Skills

Programming Languages: Python, Java, JavaScript, HTML/CSS, SQL

Web Development: MERN Stack, Spring Boot, RESTful APIs

Databases: MongoDB, MySQL, PostgreSQL

Other Technologies: Git, Linux

Devops: Jira, Jenkins, Bit Bucket, Ansible, Kubernetes, Docker

Data Analysis: Power BI, Excel

Soft Skills: Problem-solving, Communication, Leadership, Time Management, Teamwork

Projects

Learning Management System (MERN Stack) Nov 2023 – Jan 2024

- Designed a robust learning management platform with features for student/teacher management and performance tracking.
- Delivered a responsive design for seamless usability across devices.

Loan Management System (Spring boot) Aug 2023 – Oct 2023

- Developed a comprehensive loan management system with secure user authentication and advanced search functionality.
- Streamlined transaction monitoring and record-keeping.

Online Social Media Platform (MERN Stack) Dec 2023 – Feb 2024

- Built a React-based platform to efficiently organize and manage social media data.

Electric Billing System (Java Servlets) Jun 2024 – Jul 2024

- Designed a system to manage customer data and automate billing generation using Java.
- Integrated file handling and database features for reliable data management.

Certifications

Red Hat Certified Enterprise Application Developer • AWS Certified Cloud Practitioner • Salesforce AI Associate

Internships

Prodigy Infotech: Virtual Internship (Web Development) • Java Full Stack Developer Virtual Internship • AWS AI-ML Virtual Internship

Additional Information

Languages: Telugu (Native), English (Fluent), Hindi (Fluent)

Interests: Web Development, Coding, Learning New Technologies

Extracurricular: Actively participated as a core member for National Youth Fest

Experience

Devops Lead: Streamlined workflows at Be One Community (5 months). **MERN Stack Mentor:** Guided MERN projects at Be One Community (5 months).
